**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND
OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

**Cities Insurance Association of Washington
Grant County
December 1, 2014 through November 30, 2015**

Board of Directors
Cities Insurance Association of Washington
Ephrata, Washington

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the Cities Insurance Association of Washington, Grant County, Washington, as of and for the year ended November 30, 2015, and the related notes to the financial statements, which collectively comprise the Pool's basic financial statements, and have issued our report thereon dated July 8, 2016.

INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements, we considered the Pool's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Pool's internal control. Accordingly, we do not express an opinion on the effectiveness of the Pool's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Pool's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether the Pool's financial statements are free from material misstatement, we performed tests of the Pool's compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Pool's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Pool's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However, this report is a matter of public record and its distribution is not limited. It also serves to disseminate information to the public as a reporting tool to help citizens assess government operations.

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS

Cities Insurance Association of Washington Grant County December 1, 2014 through November 30, 2015

Board of Directors
Cities Insurance Association of Washington
Ephrata, Washington

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of the Cities Insurance Association of Washington, Grant County, Washington, as of and for the year ended November 30, 2015, and the related notes to the financial statements, which collectively comprise the Pool's basic financial statements as listed on page 9.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor

considers internal control relevant to the Pool's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Pool's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Cities Insurance Association of Washington, as of November 30, 2015, and the changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 10 through 12, and claims development information on pages 26 through 27 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Pool's basic financial statements as a whole. The List of Participating Members and DES Schedule of Expenses are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS

In accordance with *Government Auditing Standards*, we have also issued our report dated July 8, 2016 on our consideration of the Pool's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Pool's internal control over financial reporting and compliance.

CITIES INSURANCE ASSOCIATION OF WASHINGTON

Management's Discussion and Analysis
September 1, 2014 through November 30, 2015

The management of the Cities Insurance Association of Washington (CIAW) offers readers of the program's financial statements this narrative overview and analysis of the financial activities of the CIAW for the fiscal year ending November 30, 2015. Readers of this analysis are encouraged to consider the information presented here in conjunction with the attached financial statements and related notes.

Overview of the Financial Statements

The Balance Sheet presents information on the CIAW's assets and liabilities, with the difference between the two reported as net position. Over time, increases and decreases in net position may serve as a useful indicator of whether the financial position of the program is improving or deteriorating.

The Statement of Revenues, Expenses and Changes in Fund Net Position shows both operating and nonoperating revenues and expenses that occurred during the year. The difference between revenues and expenses is reported as a change to net position. Items are reported as the event occurs, regardless of the timing of the related cash flow.

The Statement of Cash Flows provides information on how various activities of the program affect cash and cash equivalents during the fiscal year.

The Notes to the Financial Statements present additional information that is essential for a full understanding of the data provided in the accompanying financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information concerning the program's development of claims over the last ten years.

CIAW - Condensed Financial Information

Financial Statement Analysis

The Cities Insurance Association of Washington (CIAW) was originally founded in 1988 with 34 founding member cities. The CIAW is a property and liability risk and insurance pooling program for cities, fire districts, and other special districts. Current membership in the program is 227 members. A board of directors, elected by the membership, governs the program. The Board of Directors contracts with Clear Risk Solutions, a third-party administrator, to carry out the day-to-day administrative, claims adjusting, marketing, and risk management services.

CIAW had another positive year with its' total Net Position improving from 2014 to 2015 by \$651,604. The CIAW over funded its budget, in an effort to help improve its overall financial position. At the end of fiscal year 2015, CIAW has again passed the solvency tests.

Current assets include cash and investments, as well as receivables from members, and excess/reinsurance carriers and prepaid expense. Noncurrent assets include capital assets, net of depreciation and a portion of the excess insurance receivables that will not be collected during the next 12 months. For more information on the pool's capital assets, refer to Note 7 in the Notes to Financials. Current liabilities are accounts payable, and reserves set aside for unpaid claims liabilities, and unearned member contributions. The pool utilizes the services of an actuary to determine that adequate reserves have been set aside to cover any potential future claims. Noncurrent liabilities include unpaid claims liabilities that won't be settled in the current year. For more information on claims liabilities, see Note 10 Unpaid Claims Liabilities, in the Notes to Financials.

Requests for Information

This financial report is designed to provide a general overview of the Cities Insurance Association of Washington's finances for all those with an interest. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the CIAW's third-party administrator, Clear Risk Solutions, 451 Diamond Drive, Ephrata, WA 98823.

NOTES TO FINANCIAL STATEMENTS
CITIES INSURANCE ASSOCIATION OF WASHINGTON
For the Period
December 1, 2014 through November 30, 2015

The following notes are an integral part of the financial statements accompanying the annual report.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Cities Insurance Association of Washington (CIAW) conform to generally accepted accounting principles as applicable to proprietary funds of governmental units. The following is a summary of the more significant policies.

a. Reporting Entity

The CIAW was formed under RCW Chapter 48.62 in conjunction with provisions as outlined in RCW Chapter 39.34. The CIAW was formed on September 1, 1988 for purposes of the joint purchase of insurance and/or joint self-insuring and/or joint hiring or contracting for risk management purposes, claims administration and all other functions necessary to carry out provisions of the Interlocal Agreement.

The pool provides the following forms of joint self-insurance and reinsurance coverage for its members: property, including automobile comprehensive and collision, equipment breakdown and crime protection, and liability, including general, automobile, professional and wrongful acts, are included to fit members' various needs. Additional coverages available to members on an optional basis include earthquake, flood, uninsured/underinsured motorists, privacy/network liability and data breach.

Members contract to remain in the pool for a minimum of one year, and must give notice before November 30 terminating participation the following December 1. The Interlocal Agreement is renewed automatically each year. In the event of termination, a member is still responsible for contributions to the pool for any unresolved, unreported, and in-process claims for the period they were a signatory to the Interlocal Agreement.

A board of ten members is selected by the membership from three geographic areas of the state on a staggered term basis and is responsible for conducting the business affairs of the pool. The pool has no employees, but has contracted with a third-party administrator, Clear Risk Solutions, to perform the daily administration of the pool, including account education, risk management and loss control, and claims administration.

b. Basis of Accounting

The accounting records of the CIAW are maintained in accordance with methods prescribed by the State Auditor's Office under the authority of RCW Chapters 39.34 and 43.09. The CIAW also follows the accounting standards established by the Governmental Accounting Standards Board Statement (GASB) Statement 10 *Accounting And Financial Reporting For Risk Financing And Related Insurance Issues* as amended by the GASB Statement 30, *Risk Financing Omnibus* and the GASB Statement 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Funds*.

The CIAW uses the full-accrual basis of accounting where revenues are recognized when earned and expenses are recognized when incurred.

Operating revenues are items that are directly related to the primary operations of the CIAW. Non-operating revenues are significant, recurring items that are not directly related to operation, such as interest income. The principal operating revenues of the pool are generated from annual billings for insurance to the members. Operating expenses include payment of claims, general and administrative costs, and excess/re-insurance costs.

c. Cash and Cash Equivalents

For purposes of the statement of cash flows, the CIAW considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

d. Capital Assets – See Note 7

e. Receivables

All receivables are from members or insurance carriers and are, therefore, deemed collectible. All uncollectable accounts receivable under \$500 can be written off without Board permission, but are reported to the fiscal officer monthly. All uncollectable accounts receivable over \$500 may only be written off with Board approval.

f. Investments – See Note 3

g. Unpaid Claims Liabilities

The pool establishes claims liabilities based on estimates of the ultimate cost of claims, including future claim adjustment expenses, that have been reported but not settled, and of claims that have been incurred but not reported. The length of time for which such costs must be estimated varies depending on the coverage involved. Estimated amounts of salvage and subrogation and

reinsurance recoverable on unpaid claims are deducted from the liability for unpaid claims.

Because actual claim costs depend on such complex factors as inflation, changes in doctrines of legal liability, and damage awards, the process used in computing claims liabilities does not necessarily result in an exact amount, particularly for coverages such as general liability.

To reduce risk to its members, the association purchases liability stop loss coverage. Claims liabilities are recomputed periodically using a variety of actuarial and statistical techniques to produce current estimates that reflect recent settlements, claim frequency, and other economic and social factors. A provision for inflation in the calculation of estimated future claims costs is implicit in the calculation because reliance is placed both on actual historical data that reflect past inflation and on other factors that are considered to be appropriate modifiers of past experience. Adjustments to claims liabilities are charged or credited to expense in the periods in which they are made.

h. Reinsurance

The pool uses reinsurance agreements to reduce its exposure to large losses on all types of insured events. Reinsurance permits recovery of a portion of losses from reinsurers, although it does not discharge the primary liability of the pool as direct insurer of the risks reinsured. The CIAW does not report reinsured risks as liabilities unless it is probable that those risks will not be covered by reinsurers.

i. Member Premium and Unearned Member Premium (Assessments)

Member premiums (assessments) are collected at the beginning of the fiscal year and recognized as revenue in the period for which insurance protection is provided. The pool contribution is calculated based on a percentage of the member's apportioned excess/re-insurance cost.

j. Unpaid Claims

Claims are charged to income as incurred. Claims reserves represent the accumulation of estimates for reported, unpaid claims, plus a provision for claims incurred but not reported. These estimates are continually reviewed and updated, and any resulting adjustments are reflected in current earnings.

k. Reserve for Unallocated Loss Adjustment Expenses

Pursuant to the contract in place between CIAW and its third-party administrator, the third-party administrator will administer in all matters related to the

processing, supervision and resolution of all program and program membership claims or losses incurred during the term of the agreement.

I. Exemption from Federal and State Taxes

Chapter 48.62 RCW exempts the pool from insurance premium taxes, and business and occupation taxes imposed pursuant to Chapter 82.04 RCW.

Pursuant to revenue ruling number 90-74, income of Municipal Risk Pools is excluded from gross income under IRC Section 115(1). The CIAW continues to work with a tax attorney for the two years the Tribal Nations members belonged to the pool. The potential tax liability is undeterminable at this time.

NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Management is not aware of any violations of finance-related legal or contractual provisions.

NOTE 3 – DEPOSITS AND INVESTMENTS

a. Deposits

The CIAW's deposits and certificates of deposit are entirely covered by federal depository insurance (FDIC) or by collateral held in a multiple financial institution collateral pool administered by the Washington Public Deposit Protection Commission (PDPC).

b. Investments

As of November 30, 2015, the CIAW had the following investments:

	<u>Maturities Amount</u>	<u>Fair Value</u>
Grant County Investment Pool	\$4,297,531	\$4,297,531
Total Investments	<u>\$4,297,531</u>	<u>\$4,297,531</u>

CIAW values its investments at current market value.

NOTE 4 – RISK FINANCING LIMITS

The following table reflects the risk financing limits on coverage policies issued and retained by CIAW for the 2014-15 policy year:

TYPE OF COVERAGE	MEMBER DEDUCTIBLES	SELF INSURED RETENTION	EXCESS LIMITS
Property Loss:			
Buildings and Contents	\$250 Standard – Fire Districts \$1,000 Standard – Cities & Special Districts (may vary)	\$25,000	\$100,000,000 per occurrence
Flood	\$25,000 each Named Insured suffering loss per occurrence except that covered property located at the time of loss in any flood zone identified by FEMA as a zone "V", "A" or Special Flood Zone Hazard Area "SFHA" is subject to the following flood deductibles: \$500,000 per occurrence applying to each building damaged, and \$500,000 per occurrence applying to personal property within a building, and \$500,000 per occurrence applying to all other covered property.	\$25,000	\$15,000,000 per occurrence and annual aggregate
Earthquake	The greater of 2% of the total value of all property at the locations suffering loss or \$50,000 for each Named Insured suffering loss per occurrence. Total value of all property means the total value of all property shown in the statement of values on file with the Company or its representative at the time of loss. A location means a single street address or if no street address, single legal description.	\$50,000	\$15,000,000 per occurrence and annual aggregate
Equipment Breakdown	Cities & Special Districts = \$2,500; Fire Districts = \$500; Deep Well Motor Pumps = \$10,000	\$0	\$100,000,000

Employee Dishonesty	\$250 Standard – Fire Districts \$1,000 Standard – Cities & Special Districts (may vary)	\$25,000	\$1,000,000 per occurrence and member annual aggregate
Auto Comp and Collision	\$250 Standard – Fire Districts \$1,000 Standard – Cities & Special Districts (some vehicles vary per schedule)	\$25,000	\$100,000,000 per occurrence
Liability Loss:			
Auto Liability including Bodily Injury, Property Damage and Underinsured Motorist	\$0 Standard – Fire Districts \$1,000 Standard – Cities & Special Districts (may vary)	\$100,000	\$10,000,000 per occurrence
General Liability including Bodily Injury, Property Damage and Personal Injury	\$0 Standard – Fire Districts \$1,000 Standard – Cities & Special Districts (may vary)	\$100,000 \$25,000-Law Enforcement	\$10,000,000 per occurrence; \$50,000,000 annual group aggregate
Wrongful Acts / Misc. Professional Liability	\$250 Standard – Fire Districts \$1,000 Standard – Cities & Special Districts (may vary)	\$25,000	\$10,000,000 per claim; \$50,000,000 annual group aggregate

NOTE 5 – EXCESS INSURANCE CONTRACTS/REINSURANCE

The pool maintains reinsurance and excess insurance contracts with several carriers which provide various limits of coverage over the pools self-insured retention limits. (All carriers are A rated.) The limits provided by these contracts are as follows:

<u>Insurance Contracts</u>	2014-15
General Liability, Annual Aggregate	\$50,000,000
Automobile Liability, per Occurrence	\$10,000,000
Public Officials Liability, Annual Aggregate	\$50,000,000
Employment Practices Liability, Annual Aggregate	\$50,000,000
Property, per Occurrence	\$100,000,000
Equipment Breakdown, per Occurrence	\$100,000,000
Employee Dishonesty, per Occurrence	\$1,000,000

Per-occurrence coverage limits provided by the Pool, including the excess insurance limits combined with the Pool’s self-insured retention limits are as follows:

<u>Insurance Contracts</u>	2014-15
General Liability, per Occurrence	\$10,000,000
Automobile Liability, per Occurrence	\$10,000,000
Public Officials Liability, per Claim	\$10,000,000
Employment Practices Liability, per Claim	\$10,000,000
Property, per Occurrence	\$100,000,000
Equipment Breakdown, per Occurrence	\$100,000,000
Employee Dishonesty, per Occurrence	\$1,000,000

There have been no settlements that have exceeded coverage in the last three years.

Reinsurance transactions related to the pool were:

Reinsurance premiums ceded during the year were \$6,284,953. The estimated amounts that are recoverable from excess and reinsurers that reduced the liabilities on the balance sheet were \$1,066,131.

NOTE 6 – MEMBERS’ SUPPLEMENTAL ASSESSMENTS AND CREDITS

The Interlocal Agreement provides for supplemental assessments to members in the event the fund lacks resources to pay claims.

In July 2010, the CIAW and DES reached a mutual agreement on a plan to increase reserves in the CIAW. The total reassessment to the members was to be split over a period of five years, beginning in October of 2010 with the last invoices being billed in October of 2014. To date, all members have paid their reassessments except, the City of Bridgeport, Town of Cusick, City of Othello, and City of Pomeroy.

NOTE 7 – CAPITAL ASSETS

a. Capital Assets

Capital assets are defined by the pool as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of five years.

Capital assets are recorded at historical cost. Capital assets activity for the year ended November 30, 2015 was as follows:

	<u>Beg Bal</u>	<u>Inc/Dec</u>	<u>End Bal</u>
Capital assets being depreciated:			
Equipment	<u>\$381,812</u>	<u>\$(190,375)</u>	<u>\$191,437</u>
Less Accum Depreciation	<u>\$238,497</u>	<u>\$(102,811)</u>	<u>\$135,686</u>
Total Capital Assets, net	<u>\$143,315</u>	<u>\$(87,564)</u>	<u>\$55,751</u>

Depreciation is calculated using the straight-line method with a useful life of five years for the equipment. This year, the pool sold one of its old simulators. A couple of items that were fully depreciated were also removed from the table above.

NOTE 8 – RELATED PARTY TRANSACTIONS

The CIAW’s third party administrator and insurance broker is Clear Risk Solutions. Clear Risk Solutions uses Apex and Peachtree Special Risk to place insurance coverage for the pool. Both Clear Risk Solutions, Apex and Peachtree Special Risk are owned by the same parent company, Brown and Brown, Inc.

NOTE 9 – UNPAID CLAIMS LIABILITIES

As discussed in Note 1, the pool establishes a liability for both reported and unreported insured events, which includes estimates of both future payments of losses and related claim adjustment expenses. The following table represents changes in those aggregate liabilities for the pool.

	<u>2015</u>	<u>2014</u>
Unpaid Claims and Claim Adjustment Expenses at the Beginning of the Year	\$4,313,661	\$3,996,039
INCURRED CLAIMS AND CLAIM ADJUSTMENT EXPENSES:		
Provision for Insured Events of Current Year	\$2,414,803	\$3,265,000
Increases (Decreases) in Provision for Insured Events of Prior Year	<u>\$(1,295,635)</u>	<u>\$(1,556,482)</u>
Total Insured Claims and Claim Adjustment Expenses	<u>\$1,119,168</u>	<u>\$1,708,518</u>
PAYMENTS:		
Claims and Claim Adjustment Expenses Attributable to Insured Events of Current Year	\$1,040,769	\$933,821
Claims and Claim Adjustment Expenses Attributable to Insured Events of Prior Year	<u>\$515,389</u>	<u>\$457,075</u>
Total Payments	<u>\$1,556,158</u>	<u>\$1,390,896</u>
Total Unpaid Claims and Claim Adjustment Expenses at End of Year	<u>\$3,876,671</u>	<u>\$4,313,661</u>

There have been no claims settlements that have exceeded insurance coverage in any of the past three years.

NOTE 10 – FINANCIAL SOLVENCY/REQUIRED ASSETS (WAC) 200-100

Revised WAC 200-100 requires CIAW to maintain certain levels of primary and secondary assets to meet solvency standards. As defined in WAC 200-100-03001 total primary assets, cash and cash equivalents less non-claim liabilities, must be at least equal to the unpaid claims estimate at the expected level as determined by the actuary. Additionally, total primary and secondary assets must be at least equal to the unpaid claims estimate at the 80% confidence level as determined by the actuary. Secondary assets are defined as insurance receivables, real estate or other assets (less any non-claim liabilities) the value of which can be independently verified by the state risk manager.

		11/30/2015	11/30/2014
Primary Asset Test			
Primary Assets		\$4,972,107	\$4,442,859
Estimated Claims Liabilities at Expected Level		\$3,876,671	\$4,313,661
	Results	Meets	Meets
Secondary Asset Test			
Primary & Secondary Assets		\$5,587,119	\$5,112,812
Estimated Claims at 70% Confidence Level			\$4,572,161
Estimated Claims at 80% Confidence Level		\$4,078,671	
	Results	Meets	Meets

At the end of fiscal year 2014/15, CIAW meets solvency requirements.

Eight years later	3,109,084	2,439,550							
Nine years later	3,109,084								
7. Increase (decrease) in estimated net incurred claims and expenses from end of policy year	235,907	(630,489)	(998,004)	(775,250)	154,248	413,224	(143,090)	(854,500)	(170,000)

See accompanying notes.

CITIES INSURANCE ASSOCIATION OF WASHINGTON
REQUIRED SUPPLEMENTAL INFORMATION
December 1, 2014 through November 30, 2015

This required supplementary information is an integral part of the accompanying financial statements.

1. Ten-Year Claims Development Information

This table illustrates how the program's earned revenues (net of reinsurance) and investment income compare to related costs of loss (net of loss assumed by reinsurers) and other expenses assumed by the pool as of the end of each of the last ten years. The rows of the table are defined as follows:

1. This section shows the total of each fiscal year's gross earned contribution revenue and investment revenue, contribution revenue ceded to reinsurers, and net earned contribution revenue and reported investment revenue.
2. This line shows each fiscal year's other operating costs of the pool including overhead and claims expenses not allocable to individual claims.
3. This section shows the pool's gross incurred claims and allocated claim adjustment expenses, claims assumed by reinsurers, and net incurred claims and allocated adjustment expenses (both paid and accrued) as originally reported at the end of the first year in which the event that triggered coverage under the contract occurred (called policy year).
4. This section shows the cumulative net amounts paid as of the end of successive years for each policy year.
5. This line shows the latest re-estimated amount of claims assumed by reinsurers as of the end of the current year for each policy year.
6. This section shows how each policy year's net incurred claims increased or decreased as of the end of successive years. The 2012 re-estimations are based on actuary liability and property ultimate losses of the net layer, net of the stop loss. Re-estimations in prior years used a variety of methods including actuary liability estimates, management property estimates and aggregate stop losses. (These annual re-estimation results from new information received on known claims, reevaluation of existing information on known claims, as well as emergence of new claims not previously known.)
7. This line compares the latest re-estimated incurred claims amount to the amount originally established (line 3) and shows whether this latest estimate of claims cost is greater or less than originally thought. As data for individual policy years mature, the correlation between original estimates and re-estimated amounts is commonly used to evaluate the accuracy of incurred claims currently recognized in less mature policy years. The columns of the table show data for successive policy years.

Director's E&O	\$28,200
Total Operating Expenses	<u>\$1,946,657</u>

(*Total Operating Expenses detailed on this schedule includes General and Administrative Expenses and Depreciation from the Statement of Net Assets.)

ABOUT THE STATE AUDITOR'S OFFICE

The State Auditor's Office is established in the state's Constitution and is part of the executive branch of state government. The State Auditor is elected by the citizens of Washington and serves four-year terms.

We work with our audit clients and citizens to achieve our vision of government that works for citizens, by helping governments work better, cost less, deliver higher value, and earn greater public trust.

In fulfilling our mission to hold state and local governments accountable for the use of public resources, we also hold ourselves accountable by continually improving our audit quality and operational efficiency and developing highly engaged and committed employees.

As an elected agency, the State Auditor's Office has the independence necessary to objectively perform audits and investigations. Our audits are designed to comply with professional standards as well as to satisfy the requirements of federal, state, and local laws.

Our audits look at financial information and compliance with state, federal and local laws on the part of all local governments, including schools, and all state agencies, including institutions of higher education. In addition, we conduct performance audits of state agencies and local governments as well as [fraud](#), state [whistleblower](#) and [citizen hotline](#) investigations.

The results of our work are widely distributed through a variety of reports, which are available on our [website](#) and through our free, electronic [subscription](#) service.

We take our role as partners in accountability seriously, and provide training and technical assistance to governments, and have an extensive quality assurance program.
